

**Fairbanks Gold Mining, Inc.'s
True North Project
Environmental Evaluation
(Response to Comments)**

September 2000

TABLE OF CONTENTS

1	<u>INTRODUCTION</u>	1-1
1.1	<u>Purpose Of and Need For Action</u>	1-2
1.2	<u>Project Location and Land Status</u>	1-5
1.3	<u>Project History</u>	1-10
1.3.1	<u>Area History</u>	1-10
1.3.2	<u>True North History</u>	1-12
2	<u>OPTIONS ANALYSIS</u>	2-15
2.1	<u>Options Evaluation Criteria</u>	2-16
2.2	<u>Options Identification and Evaluation Process</u>	2-18
2.2.1	<u>Options Identification and Evaluation</u>	2-20
2.2.1.1	<u>Processing and Siting</u>	2-20
2.2.1.2	<u>Ore Transfer Method</u>	2-22
2.2.1.3	<u>Ore Transport Route</u>	2-24
2.2.1.4	<u>Steese Highway Crossing</u>	2-35
2.2.1.5	<u>Ore hauling Operation Hours</u>	2-41
2.3	<u>Applicant's Proposed Project</u>	2-43
2.3.1	<u>General Site Plan</u>	2-43
2.3.2	<u>Access</u>	2-45
2.3.3	<u>Mining Method, Equipment and Storage</u>	2-46
2.3.4	<u>Pits Configurations</u>	2-47
2.3.5	<u>Access haulage and Processing</u>	2-48
2.3.6	<u>Mine Equipment</u>	2-49
2.3.7	<u>Surface Disturbance</u>	2-50
2.3.8	<u>Water Supply</u>	2-51
2.3.9	<u>Power Supply</u>	2-52
2.3.10	<u>Fuel Supply, Storage, Distribution and Use</u>	2-52
2.3.11	<u>Ancillary Facilities</u>	2-53
2.3.12	<u>Refuse</u>	2-53
2.3.13	<u>Domestic Sewage</u>	2-55
2.3.14	<u>Communication</u>	2-55
2.3.15	<u>Explosives Storage</u>	2-56

TABLE OF CONTENTS

<u>2.3.16</u>	<u>Mine Safety</u>	2-56
<u>2.3.17</u>	<u>Project Management System</u>	2-57
<u>2.3.18</u>	<u>Environmental Incident Response</u>	2-58
<u>2.3.19</u>	<u>Wildlife Protection</u>	2-58
<u>2.3.20</u>	<u>Mine Closure and Reclamation Plans</u>	2-58
<u>2.3.21</u>	<u>Mitigation</u>	2-60
<u>2.3.22</u>	<u>Traffic</u>	2-65
<u>2.3.23</u>	<u>Monitoring</u>	2-65
<u>2.3.24</u>	<u>No-Action Alternative</u>	2-66
3	AFFECTED ENVIRONMENT	3-67
<u>3.1</u>	<u>Geology and Physiography</u>	3-67
<u>3.1.1</u>	<u>Regional Geology</u>	3-67

TRUE NORTH DOCUMENT FIGURES MATRIX

Fig No.	Title	Page No.
Chapter 1		
1.2-1	True North Project Location Map	1-7
1.2-2	True North Project Area	1-8
1.2-3	True North Mine Site, Cleary Summit, and Fort Knox Mill	1-9
Chapter 2		
2.2-1	Access Haul Road Route Options	2-25
2.2-2	Steese Highway grade level crossing	2-37
2.2-3	Steese Highway tunnel crossing	2-38
2.2-4	Steese Highway bridge crossing	2-39
2.2-5	Steese Highway Underepass crossing	2-40
2.3-1	Proposed General True North Mine Site Plan	2-44
2.3-2	Preliminary Maintenance Complex Layout	2-54
Chapter 3		
3.5-1	Historical daily streamflows at Caribou Creek	3-83
3.6-1	Conceptual cross section of permafrost conditions and groundwater flow	3-86
3.6-2	Hydrograph showing historic water levels in TN-182 and TN-281	3-87
3.7-1	Surface water sampling locations	3-96
3.7-2	Monitoring well and piezometer locations	3-105
3.7-3	Trilinear plot base on groundwater samples	3-109
3.7-4	Sulphate concentrations from baseline groundwater samples	3-110
3.7-5	Total sulfate content from ABA samples	3-119
3.7-6	Acid neutralizing potential from ABA samples	3-120
3.7-7	Net neutralizing potential from ABA samples	3-121
3.7-8	Total sulphur versus NNP from ABA samples	3-123
3.8-1	Vegetation types on True North mining claims	3-127
3.9-1	Wetland types on True North mining claims	3-131
3.9-2	Wetland types along proposed True North ore haul road	3-135
3.15-1	True North project area and short-term noise monitoring locations	3-161

TRUE NORTH DOCUMENT FIGURES MATRIX

Fig No.	Title	Page No.
3.15-2	True North ore haul route and long-term noise monitoring locations	3-162
3.20-1	True North Mine vicinity view shed	3-219
3.21-1	True North Project Area Trails	3-226
Chapter 4		
4.3-1	Potentiometric surface map	4-236
4.3-2	Mine pits cross section A-A	4-237
4.3-3	Mine pits cross section B-B	4-238
4.3-4	Mine pits cross section C-C	4-239
4.3-5	Mine pits cross section D-D	4-240
4.10-1	Pass-by Measurement Diagram	4-273
4.10-2	Pass-By Noise Level Measurements	4-274
4.10-3	Maximum Pass-By Noise Levels and Noise Reduction Factors	4-276
4.10-4	Mine Site Operations Receiver Locations	4-278
4.10-5	Ore haul route receiver locations	4-293
4.14-1	Existing view from Cleary Summit Subdivision looking southeast (Alternative 1), and simulated Alternatives 3 and 5	4-328
4.14-2	Existing view from Cleary Summit Bed and Breakfast looking southwest (Alternative 1), and simulated views of Alternatives 2, 3, and 5	4-331
4.14-3	Existing view from the Skiland Lodge looking northwest (Alternative 1) and simulated views of Alternatives 3 and 5	4-332
4.20-1	Location map for Fort Knox Mill and satellite deposits	4-345

TRUE NORTH TABLES MATRIX

Table No.	Title	Page
2.2-2	Alternative route lengths and approximate costs	2-26
2.2-3	Net present value (cost) for four ore hauling options	2-41
2.2-4	Size and configuration of the Hindenburg and East open pits	2-47
2.2-5	Preliminary mine equipment list	2-50
2.2-6	Approximate Area of Surface Disturbance by Project Component	2-51
2.2-7	Proposed Fuel and Used Oil Storage Tank Sizes	2-52
2.2-8	Estimated annual fuel use by equipment type	2-53
3.4-1	Summary of regional average monthly temperatures (°F)	3-75
3.4-2	Summary of regional monthly mean precipitation (inches)	3-79
3.4-3	Summary of regional mean pan evaporation rates (inches)	3-80
3.5-1	Summary of watershed characteristics for True North project area creeks	3-81
3.6-1	Summary of hydraulic conductivity estimates	3-89
3.7-1	Summary of surface water sampling sites by drainage	3-95
3.7-2	Summary of surface water sampling events	3-97
3.7-3	Summary of surface water chemistry from surface water monitoring sites	3-101
3.7-4	Summary of groundwater sampling events	3-106
3.7-5	Average groundwater chemistry for nine wells	3-111
3.7-6	Summary of groundwater chemistry from nine groundwater monitoring wells	3-116
3.7-7	Summary of aicd/base accounting analyses from True North	3-122
3.8-1	Vegetation types and area of each type found on the True North mining claims.	3-126
3.8-2	Common and scientific names of plants present on the True North mining claims	3-132

TRUE NORTH TABLES MATRIX

Table No.	Title	Page
3.12-1	Bird species of Alaska taiga in the upper Tanana Valley and the True North project area	3-138
3.12-2	Common mammal species of interior Alaska and the True North project area	3-139
3.13-1	Status and distribution of threatened and endangered species and species of concern in Alaska	3-144
3.14-1	National Ambient Air Quality Standards	3-153
3.14-2	Typical Air Pollutant Background Concentrations In Rural Fairbanks	3-153
3.15-1	Noise Monitoring Summary by Location and Nearby Land Use	3-163
3.16-1	Fairbanks North Star Borough Population 1990, 1996 to 1998	3-169
3.16-2	Fairbanks North Star Borough Race/Ethnic Composition 1990 and 1998	3-170
3.16-3	Fairbanks North Star Borough Population by Age and Male/Female 1990 and 1998	3-171
3.16-4	FNSB Household Income and Community Poverty Levels 1990 US Census	3-172
3.16-5	Fairbanks North Star Borough Annual Per Capita Personal Income 1990, 1995 to 1997	3-173
3.16-6	Fairbanks North Star Borough Annual Per Capita Personal Income 1990, 1995 to 1997	3-174
3.16-7	Fairbanks North Star Borough Earnings by Industry 1990, 1995 to 1997	3-175
3.16-8	Fairbanks North Star Borough Employment (Annual Average) Non-Agricultural Wage and Salary Employment 1990, 1996 to 1998	3-176
3.16-9	Fairbanks North Star Borough Unemployment Rates August and February 1992 to 1999	3-177

TRUE NORTH TABLES MATRIX

3.16-10	Fairbanks North Star Borough Unemployment Rates August 1998 and February 1999	3-178
3.16-11	Fairbanks North Star Borough Average Wages Non-Agricultural Wage and Salary Employment 1997	3-178
3.16-12	Fairbanks North Star Borough Average Wages Non-Agricultural Wage and Salary Employment 1997	3-179
3.16-13	Fairbanks North Star Borough Budget FY97/98 and 98/99	3-183
3.16-14	FNSB total Rental Housing Units Available 1996-1999	3-185
3.16-15	FNSB Apartment/Multiplex Vacancy Rates 1995-199	3-186
3.16-16	FNSB Average Monthly Rents for Available Housing Units 1996-1999	3-188
3.16-17	FNSB Residential Housing Sales 1997-1999	3-189
3.16-18	ACCRA Cost of Living Index for Selected Cities, 1st Qtr. 1999	3-190
3.16-19	Consumer Price Index, Anchorage, Alaska 1993-1998	3-191
3.17-1	American Planning Association (APA) Land Based Classification Standards	3-208
3.22-1	Recorded annual average daily traffic (AADT) values for the Steese Highway between Fox and Cleary Summit	3-228
4.5-1	Approximate area of disturbance to vegetation types expected from development of the True North project, excluding the ore haul road to the Fort Knox Mill	4-243
4.5-2	Approximate area of disturbance to wetland types expected from development of the True North project, excluding the ore haul road to the Fort Knox Mill	4-245
4.5-3	Approximate lengths and areas of wetlands and uplands that would be disturbed by construction of the proposed ore haul road to the	4-247

TRUE NORTH TABLES MATRIX

Fort Knox Mill		
4.10-1	Reference Equipment Noise Levels and Number in Use Simultaneously	4-259
4.10-2	Sound Levels and Relative Loudness of Typical Noise Sources found in Indoor and Outdoor Environments	4-261
4.10-3	FHWA Roadway Noise Abatement Criteria	4-262
4.10-4	EPA Guidelines for Expected Noise Increase Impact	4-263
4.10-5	EPA Limits on Number of Blasts for Different Blast Levels	4-264
4.10-6	Significance of Noise Impacts	4-265
4.10-7	General Vibration Peak Particle Velocity Guidelines	4-267
4.10-8	Significance of Blasting Vibration Impacts	4-268
4.10-9	Atmospheric and Ground Cover Information by Season	4-269
4.10-10	Reference Equipment Noise Levels and Number in Use Simultaneously	4-272
4.10-11	Ore Truck Operational Characteristics and normalized Pass By Levels	4-275
4.10-12	Summary of True North Operational Noise Levels	4-279

4.10-22	Receiver R10 Noise Level Calculation Results	4-286
4.10-23	Receiver R11 Noise Level Calculation Results	4-287
4.10-24	Receiver R12 Noise Level Calculation Results	4-288
4.10-25	Receiver R13 Noise Level Calculation Results	4-288
4.10-26	Receiver R14 Noise Level Calculation Results	4-289
4.10-27	Receiver R15 Noise Level Calculation Results	4-289
4.10-28	Summary of Existing and Future Average Daily Traffic Volumes	4-292
4.10-29	Summary of Existing Traffic Noise Levels	4-294
4.10-30	Summary of Future Traffic Noise Levels with proposed Haul Route	4-295
4.10-31	Traffic Noise Levels at Receiver T 1	4-296
4.10-42	Traffic Noise Levels at Receiver T 12	4-297
4.14-1	Scenic Integrity Objectives	4-326
4.20-1	Reserves, and hypothetical annual production, projected mine life, and extended regional mill life for satellite deposits, as well as approximate remaining Fort Knox tailings impoundment capacity	4-351
4.20-2	Disturbance to wetland and upland areas, based on national wetlands inventory (NWI) maps, from hypothetical site development layouts at the two deposits within the True North project area.	4-359
4.20-3	Disturbance to wetland and upland areas, based on national wetlands inventory (NWI) maps, from hypothetical site development layouts at two deposits outside the True North project area.	4-362
